MESSAGES AS THEY CANNOT BE ACTED UPON)**

If you need medical advice

Monday to Friday 8am to 6.30 pm you can call the Practice
and speak to one of our Receptionists who will direct you to
the most appropriate services or ask one of our Clinical
Team Members to speak with you at an arranged time.

Dial a Health Visitor **NHS**

A dedicated hotline to a qualified Health Visitor for new and concerned parents of children under 5 years. Gives you support and advice to minimize the worry!

BMA

We needn't
be **your**
first stop.

Help us help you by being prepared this winter:

- Remember colds, flu and most sore throats do not need antibiotics
- Treat your symptoms with pain relievers (such as Paracetamol or Ibuprofen), rest and plenty of fluids
- Your pharmacist can also give you advice and treatment
- For initial advice about your symptoms, visit www.nhs.uk

bma.org.uk/winter-pressures
#winterpressures

Antibiotics do not fight viral illnesses like colds. Taking antibiotics for colds can be harmful to your child's health — in fact, unnecessary antibiotics can make future infections harder to treat. Work with your child's healthcare provider to find the best treatment for your sick child.
